

**VIGNA - VIGNE JOINT MEETING
PARIS NOVEMBER 24th**

**ANR, Ministère de la Recherche, Salle 417
212 rue de Bercy, PARIS 12**

9H30 - 13H00 :

1 / Current status of the French-Italian Consortium for the sequencing of the grape genome

- Genome sequencing project in France
 - genome sequencing
 - genome assembly
 - Full length cDNA
- Genome sequencing project in Italy
 - Padova group (CRIBI)
 - Udine group (IGA)
 - Full length cDNA (Trieste)

2 / Genetic and physical maps

- in France (INRA)
- in Italy

3 / Annotation strategy in France

13H00 - 14H15 : LUNCH

4 / Plan for bioinformatics in Italy

- Assembly using PCAP
- Software for annotation and specific contribution to annotation

5 / Data exchange within the Consortium

- Policy on :
 - reads
 - assembly
 - cDNA
 - physical map data
- Data exchange format

6 / Public data release

7/ Public relation issue and project visibility

8 / Publication policy

9 / Time-schedule

10 / Miscellaneous points

17H30 : END
